

**Remark on the section '*Capital Markets & Corporate Finance*' (FPO 2010/2014)
for students of the Master's program in Quantitative Finance**

In the section *Capital Markets and Corporate Finance* in the old system (FPO 2010) and in the new system (FPO 2014) students have to choose two lectures out of the following list of lectures:

- Investments and Capital Markets
- Behavioral Finance
- Corporate Finance
- Finanzierungstheorie

Note that Corporate Finance as well as Finanzierungstheorie can be elected.

The language of instruction will be English for all lectures, except for Finanzierungstheorie where the language of instruction will be German only. Please note as well that the exam on Finanzierungstheorie will be offered in German only.

Please check the outlook on Master's courses of the Business Department for a long-term plan of lectures in the section *Capital Markets and Corporate Finance*.
