Resolution by the Habilitation Committee on 12 April 2006

Re. agenda item 3:
Requirements on a so-called cumulative habilitation in accordance with Section 7 (2) of the Habilitation Regulations for the Faculty of Business, Economics and Social Sciences of 11 December 2000

The Habilitation Committee decided unanimously that a so-called cumulative habilitation in accordance with Section 7 (2) of the Habilitation Regulations is, in total, equivalent to a habilitation thesis if there are four publications in peer-reviewed, scientific journals. Evidence of the scientific quality of the respective publishing media must be undertaken by the affected institutes in a written statement.
