

Information on Master Seminar registration in Economics

This information gives you a short overview over the deadlines and most important rules within the central seminar registration process. Please also read the more detailed information in OLAT (course: [Seminar Registration MA-VWL](#)).

- 1) You can only register for a M. Sc. Seminar via the central platform OLAT. By confirming your seminar participation, you register automatically for your seminar contribution. You only need to sign in HIS/QIS within the first official exam registration period at the end of the semester to receive your credits. However, you can de-register from seminar participation within the given deadlines (see below).
- 2) Participation in a M.Sc. seminar is only possible if you have visited a seminar preparation class in advance. The grading of your contributions to the seminar also includes all formal aspects of scholarly work (e.g., correct referencing) together with the evaluation of the material contribution.

All students, who want to participate in a M.Sc. Seminar offered by our Institute, have to attend the seminar preparation class in advance.

Please note that compulsory attendance applies to all seminars.
